

Basketball Stat Sheet

YOUTH & HIGH SCHOOL · ONE TEAM PER PAGE — TALLY MARKS ARE FINE

TEAM		OPPONENT						DATE			FINAL SCORE				
No.	Player	2PT M	2PT A	3PT M	3PT A	FT M	FT A	OREB	DREB	AST	STL	BLK	TO	PF	PTS
Team totals															

How to use it. Tally each made shot under **M** and every attempt (made or missed) under **A**. Points = (2PT M × 2) + (3PT M × 3) + FT M. A rebound is OREB if the player's own team shot, DREB if the opponent shot. An assist is the pass immediately before a made basket. Track one team per sheet; use two sheets (or two parents) for both teams.

Shooting % = M ÷ A × 100. **Total rebounds** = OREB + DREB.
Abbreviations: M made · A attempted · FT free throw · OREB/DREB offensive/defensive rebound · AST assist · STL steal · BLK block · TO turnover · PF personal foul · PTS points.
