No.	Player	SA	ACE	SE	K	AE	TA	HIT %	AST	BS	BA	BE	DIG	R3	R2	R1	R0
Team totals																	

Abbreviations. SA serve attempt · ACE serve that scores directly · SE serve error · K kill (attack that wins the point) · AE attack error · TA total attacks (kills + errors + attacks kept in play) · AST assist (set that leads to a kill) · BS solo block · BA block assist (shared block) · BE block error · DIG successful pass of an attacked ball · R3–R0 serve-receive passes rated 3 (perfect) to 0 (ace / error).

Hitting % = (K – AE) ÷ TA. Example: 9 kills, 3 errors, 24 attempts → (9 – 3) ÷ 24 = .250.
Passing average = (3×R3 + 2×R2 + 1×R1) ÷ (R3 + R2 + R1 + R0). 2.0+ is solid at youth level.
Points from a block = BS + ½ × BA.
